## Why buy an Arlo Pro 4 Camera?

### 2K Video with HDR

Zoom in up to 12x to see sharp details with Arlo Pro 4 & HDR advanced image quality technology.

### Enhanced night vision

Color night vision lets you see key details even in the dark.

### Integrated spotlight

Scare off unwelcome guests using Arlo Pro 4 motion-activated spotlight.

### Premium 2-way Audio

Listen and speak to visitors with crystal clear, full 2-way audio that reduces wind and noise.

### Connect direct to WIFI

No base station required – simply connect to your 2.4Ghz wifi network for the camera to work.

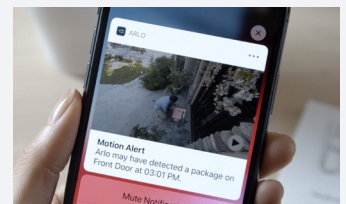

### Built-in Security Siren

Integrated siren that can trigger automatically when motion is detected or be set-off manually from the app to deter intruders.

### Arlo Service Plans

We know you'll love the added peace of mind that and Arlo Service plan offers, so we've included a 3-month trial with every product.

### Notifications to your phone

Receive an alert when your camera detects motion or sound and check the live video feed to see what triggered it.
