Charging Station
Quick Start Guide

Welcome

Thank you for choosing an
Arlo battery charging station.
Charging Arlo batteries is easy.

What's Included

Charging station

Window decal

Power cable

Power adapter
(varies by region)

Charge the Batteries

1. Plug the power adapter into an electrical outlet.

Note: You must use the Arlo Charging Station adapter and cable or the Arlo Pro camera power adapter and cable when you use the charging station.

2. Connect the cable to the charging station and plug it in.
3. Insert a battery (not included) into a charging station bay.

Align the battery with the grooves inside the charging station bay.

4. Press the battery into the charging bay until you hear a click.

The LED lights solid amber to indicate that the battery is fully inserted and is charging.

5. To charge a second battery, insert another battery into the other charging station bay.

When the batteries are fully charged, the LED lights solid green.

6. To remove a battery from a charging bay, press the battery and release it.

A click sound indicates that the battery is disengaged and can be removed.

You're Done!
